

How to purchase tickets on a desktop web browser

Recommendations:

- Purchase tickets on a web browser – either on a desktop or a web browser on your phone/tablet, do not purchase in the Eventbrite App(it doesn't seem to connect to PayPal correctly when paying for the tickets).
- Have an Eventbrite account – so it will already have your information preloaded.
- Have a PayPal account – once you select tickets to purchase it will link you to PayPal to pay, if you have a PayPal account it will already have all information preloaded.
- Be signed into Eventbrite and PayPal before tickets go on sale

Step by Step:

1. Ensure you are purchasing tickets for the correct session
